Tsoelike, Qacha 'S Nek 600
Lesotho

I am a self-motivated and passionate Software Engineering graduate with keen interest in IT Systems and Cybersecurity. I continually look for opportunities to apply my skills and contribute to meaningful projects. I strive to exceed expectations, approach tasks with attention to detail and adapt to new challenges with resilience. I am dedicated to continuous learning and take pride in delivering high quality work. My determination, integrity and commitment to excellence make me well suited for apprenticeship in IT operations and systems management.

EDUCATION

LIMKOKWING UNIVERSITY OF CREATIVE TECHNOLOGY (2023)

BSc (Hons) in Software Engineering with Multimedia

Relevant Modules: Internet Technology, Information System Security, Business Communication, Data Communication and Networking, Creative & Innovation Skills, Programing logic and design & Object Oriented Programming, Database Systems, Probability and Statistics, Discrete Mathematics, Data Structures and Algorithm Analysis, Software project Management, Multimedia Technology, IT Law, Artificial Intelligence and Management Practices.

MAKHAOLA HIGH SCHOOL – QACHA 'S NEK

Lesotho General Certificate of Secondary Education (2017)

Junior Certificate (2015)

RELEVANT EXPERIENCE
